

## What You Can Do When You Log In

Many features are available to our registered users. These are all free of charge. They include 'Item Watch' and of course 'Placing A Bid'.

The item watch features lets you keep a close eye on any auction without having to place a bid on it. This feature means you can be kept up to date on how an auction is doing and prepares you to place a winning last minute bid. You can watch any auction by clicking on the '**Watch this item**' link on any auction page.

First, log in using your own user name and password that you selected when registering.

This will take you to the Members Area where you will be able to take advantage of the features just mentioned.

The screenshot shows the REA Real Estate Auctioneers website. At the top, there is a navigation bar with 'HOME', 'MEMBERS AREA', and 'LOGOUT' tabs. Below this is a search bar with a 'Search' button and a 'BROWSE' button with a 'Choose a Category' dropdown. The main content area is titled 'MEMBERS AREA' and shows a user profile for 'bigboyyee'.

From the above screen simply click on 'Watch This Item'. You'll go back to the same page shown above. From that point forward you will receive emails and various messages regarding the watched property, including when someone bids, if the property has had any new information added to the description or a change in the end date and time. Make sure to add **reabidnow.com** to your safe senders list to avoid these updates getting screened out as spam.

You will also be able to click on the 'Watched Items' link on the left side of the Member's Screen. You'll get the screen below showing the list of items you have selected to watch. If you no longer wish to watch a listing you can select 'Delete' on the right hand side of the screen.

You'll also note from the above example that you can keep track of the bid you place in the event you are following more than one property.

Bidding isn't too hard to do once you are registered. There are a few simple tricks you'll need to learn to make your bidding experience successful. First, contact the listing party noted under the property description of the auction in which you are interested. Request a bidder's packet which has many pieces of important information about the property including inspection reports. Get all your questions addressed BEFORE YOU BID. You'll see a screen similar to the one below:

**Confirm Your Bid**

Welcome, bigbooyee

Your maximum bid must be higher than the current minimum bid.

Item Title	4716 Katrina Place Palmdale, CA 93552
Your Bid	USD 1000
Minimum Bid	40,200.00 USD
Shipping Conditions	Seller pays for shipping expenses
Offline Payment	Western Union

By clicking on the "Place Bid" button, you agree to buy this item from the seller if you're the winning bidder.

By bidding you are entering into a contract to pay for the item including the specified shipping costs. if you have any questions please

As shown above, starting from the top, the entry shows that the bid amount must be higher than the minimum bid. Lower you will note the Minimum Bid is \$40,200. I'll either have to increase my bid to that amount or pass.

I decide to place my bid for the minimum bid above. Note at the bottom of the above example you will see that the bid is a binding contract. Make sure you have asked all the questions you need to ask before you place your bid. Now, in this example I will click on the Place Bid button. The following will display:

Nov. 05, 2008 12:58:01

**Confirm Your Bid**

Welcome, bigbooyee

Your maximum bid must be higher than the current minimum bid.

Item Title	4716 Katrina Place Palmdale, CA 93552
Your Bid	USD 40200
Minimum Bid	40,600.00 USD
Shipping Conditions	Seller pays for shipping expenses
Offline Payment	Western Union

By clicking on the "Place Bid" button, you agree to buy this item from the seller if you're the winning bidder.

By bidding you are entering into a contract to pay for the item including the specified shipping costs. if you have any questions please

In the above example you'll note my bid was accepted, but as the top indicates my bid was not high enough to push beyond the previous bidder's proxy. I can continue to bid higher than the minimum or just put in my maximum price I'm willing to pay. If it goes over the maximum the current winner is willing to pay then I am the new leading bidder. If I remain the leading bidder

through to the end then I have just won the property subject to the terms of the auction. Talk to the listing party to clarify any questions on terms and whether or not the high bid is subject to seller confirmation or not.
